Souhaib Abdulaal Ali (Product Designer)

Email | LinkedIn Profile | Behance | Whatsapp | Portfolio | +20 1278920767 | Based in Egypt, Cairo

---

Product Designer focused on SaaS and system-driven experiences, solving complex workflow and data challenges to support user needs and business goals..

I simplify complexity by improving user flows, structuring data-heavy systems, and connecting acquisition with inproduct experiences to create seamless, data-driven journeys.

I apply UX and product practices including user research, usability testing, and tracking key metrics (conversion & adoption) to reduce friction and enable better decision-making.

Experience

Product Designer | May 2026 – Now

Broker Times | UAE - Remote | Full time

• Designed intuitive and user-centered digital experiences, ensuring consistency across web platforms and products.
• Created responsive interfaces and reusable design components to maintain visual consistency and streamline the design process.
• Collaborated with cross-functional teams to translate business requirements into effective UI/UX solutions.
• Conducted competitor analysis and design research to identify opportunities for improving usability and product experience.

Freelance UI/UX Designer | Oct 2024

• Collaborated closely with clients and stakeholders to deliver user-centered digital solutions.
• Managed the complete design process from research and wireframing to high-fidelity prototypes.
• Designed responsive mobile apps, dashboards, and landing pages across different industries.
• Worked with developers to ensure smooth implementation and consistent user experiences.

Projects

Product Designer – Ghzeer Saas Platform | 2024 | Product Designer | **View Project**

• Designed SaaS dashboards and workflows tailored for organizational users.
• Improved usability through user feedback, testing sessions, and iterative design
• Created responsive interfaces aligned with business goals and user needs.
• Worked closely with developers to ensure seamless implementation and consistency.

UI Designer – Bazar E-Commerce Platform | 2025 | Product Designer | **View Project**

• Conducted market and user research for the Syrian e-commerce market.
• Designed intuitive buying and selling experiences for new and used products.
• Improved trust and usability through testing and user feedback analysis.
• Collaborated with developers on payment, delivery, and product management flows.

UI Designer – Mohameek Legal Platform| 2025 | Product Designer | **View Project**

• Designed accessible legal service interfaces for consultations and appointments.
• Simplified complex legal workflows into user-friendly digital experiences.
• Conducted usability testing and optimized interfaces based on user insights.
• Worked with developers to maintain consistency between functionality and UI design.

UI Designer – Umami SA Legal Platform| Ui/Ux Designer | 2026 | View Project

• Designing interactive learning interfaces that simplify complex educational content into engaging and easy to-use experiences
•Improving UX based on research and usability testing to increase engagement and accessibility.

UI/UX Designer – Riwaq Website | Ui/Ux Designer | 2026 | View Project

• Designing intuitive and engaging website interfaces that enhance content discovery and provide a seamless user experience across devices.
• Improving user journeys, information architecture, and visual hierarchy to make navigation easier and help users access relevant content efficiently.

Skills

Industry Skills

UX Design • UI Design • Wireframing • Prototyping • User Research • Responsive Web Design • User Flow • Sitemap • Mobile App Design • Design Thinking • Accessibility Design • Design Systems

Techincal Skills

UX: User Research • Usability Testing • Interaction Design • Design Thinking
UI: Wireframing • Prototyping • Visual Design • Design Systems • Motion & Interaction
AI & Tools Integration: AI-Assisted UX/UI Design • Prompting for Design Ideation • Generative Visual Design (Midjourney) • AI Workflow Optimization
Tools & Platforms: Figma • Miro • Notion • Jira • Webflow • Lovable • Midjourney • Figma Make

Soft Skills

Communication • Collaboration • Problem-Solving • Presentation Skills • Attention to Details • Empathy

Tools

Figma • Lovable • Midjourney • Figma make

Education

El Shrouk Academy | Sep2021 – Jul2025
Bachelor's Degree of Science : **Computer Informatics** department Computer Science

- Final Year GPA : B+ & Graduation Project : A+

Courses

Google UX Design| View Credential
• Foundations of User Experience (UX) Design
• Start the UX Design Process: Empathize, Define, and Ideate
• Build Wireframes and Low-Fidelity Prototypes
• Conduct UX Research and Test Early Concepts
• Create High-Fidelity Designs and Prototypes in Figma

Digital Egypt Pioneers Initiative (DEPI)
UX/UI Designer (Web Designer) í Practical training in UX design principles with a focus on innovative and user-friendly solutions

ITI UI/UX Designer (1 Month)
Comprehensive training covering user research, usability testing, wireframing, prototyping, and accessibility with hands-on projects
